

## Super Touring Car Challenge News Update: Issue 6

21<sup>st</sup> December 2018

### The Good News!

Dear Competitor,

The HSCC invites you to join us for the 2019 Super Touring Car Season.

2018 was not the best of years, but the Super Touring Car Challenge will be back for 2019 with a new name and a title sponsor.

There are some changes which we will reveal in the New Year, with the only change in regulations being the introduction of Dunlop Tyres as the control tyre.

We are maintaining the ethos of the series that Jonny Westbrook and Dave Jarman created, in that the cars should be genuine Touring cars in original livery, and original specification with period history where ever possible. However as the FIA HTP moves away from recording this data, for the GA Class cars we will accept cars built to the original specification maintaining period liveries. But they must have FIA Historic Technical Passports.

For those competing in the Super Touring Car Classes, whilst it is now possible to obtain an FIA HTP, we will continue to accept HSCC Vehicle identity Forms.

As in previous years at each event there will be two podiums, one for the Post 1990 and one for the Pre 1990 Classes. In 2019 there will be an additional podium for Pre 1990 cars conforming to Group 1 – Group 1.1/2 Regulations.
