Position	Points
1 st	10
2 nd	8
3 rd	6
4 th	4
5 th	3
6 th	2
All other finishers	1

- 1.6.2 The totals from all qualifying rounds less three (if there are 14 or more rounds) or less two (if the number of rounds is from 8 to 13) or less one (if there are less than 8 rounds) will determine final championship points and positions.
- 1.6.3 In the event that the number of cars that qualify to start in a qualifying round in any class is less than 4, then subject to para 1.6.4, the points to be awarded in that class shall be reduced as follows;
- 1.6.3.1 3 qualified to start – awarded 1st – 8 points; 2nd – 6 points; 3rd – 4 points
2 qualified to start – awarded 1st – 6 points; 2nd – 4 points
1 qualified to start – awarded 1st – 4 points
- 1.6.4 Where the race distance has been reduced (2.6) it shall still count as a full points scoring round.
- 1.6.5 Competitors not registered for the Championship may be permitted on an individual round basis and will:
- (a) be deemed “Guest Competitors”
 - (b) not score points and for the purpose of points scoring will be ignored
 - (c) qualify for Event awards
 - (d) comply with the eligibility criteria as prescribed in Article 1.3. above with the exception of 1.3.1 (b) and 1.3.2. (b), as appropriate
- 1.6.6 If under the provisions of para 1.6.3 any car shall prima facie be subject to a reduction in points then further calculations shall be effected as follows;
- 1.6.6.1 Firstly, if the reduction concerns any car in Classes A, B1 and B2 then (for the purpose of this calculation only) the positions of these 3 classes shall be amalgamated and any car whose points would have been reduced under para 1.6.3 shall not be reduced to a lower number of points than would have been awarded as a result of such amalgamated class positions (including any notional reduction in points under the provision of para 1.6.3 that would have applied to such amalgamated class.)
- 1.6.6.2 If the reduction concerns any car in Classes C1 and C2 then (for the purposes of this calculation only) the positions in these 2 classes shall be amalgamated and any car whose points would have been reduced under para 1.6.3 shall not be reduced to a lower number of points than would have been awarded as a result of such amalgamated class positions (including any notional reduction in points under the provision of para 1.6.3 that would have applied to such amalgamated class.)
- 1.6.6.3 If the reduction concerns any car in Classes D1 **and** D2 then (for the purposes of this calculation only) the position of these 2 classes shall be amalgamated and any car whose points would have been reduced under para 1.6.3 shall not be reduced to a lower number of points than would have been

- awarded as a result of such amalgamated class positions (including any notional reduction in points under the provision of para 1.6.3 that would have applied to such amalgamated class.)
- 1.6.6.4 If the reduction concerns any car in Classes E1 **and** E2 then (for the purposes of this calculation only) the position of these 2 classes shall be amalgamated and any car whose points would have been reduced under para 1.6.3 shall not be reduced to a lower number of points than would have been awarded as a result of such amalgamated class positions (including any notional reduction in points under the provision of para 1.6.3 that would have applied to such amalgamated class.)
- 1.6.6.5 Secondly if the reduction concerns any car that has been placed in the first six positions overall in any race then the reduction shall not result in points being awarded for that race that would be less than the points to which that car would have been entitled if points had only been awarded overall and not by class (and without any reduction).
- 1.6.6.6 For the avoidance of doubt, any car which qualifies to start in a Championship race but which is itself ineligible for Championship points shall not count as qualifying to start in determining the number of starters in that class for Championship points.
- 1.6.7 If two races are run at any one meeting for all the classes then both races shall count for Championship points for that meeting.
- 1.6.8 If two races (or more) are run at any one meeting for separate classes, then the supplemental regulations shall stipulate which race or races shall be a qualifying round for each class and championship points shall be awarded accordingly. If any class is split between two Championship races at one meeting, the supplementary regulations shall stipulate which race is the primary race for Championship points, but in any event the total number of cars in that class which qualified to start for both races shall determine the number of starters in that class for Championship points. Any car finishing in a race which is not designated as a championship round for that class shall score one point, but the overall race positions shall be unaffected and the organizers may still award trophies for non championship classes in that race.
- 1.6.9 If two (or more) Championship rounds for separate classes are run at any one meeting and a driver scores points in more than one race, then he shall count his best score in the overall position of the Championship but both (or more) scores shall count in the individual class positions of this Championship.
- 1.6.10 If a dead-heat exists in a Championship Race, the following steps are to be taken
- 1.6.10.1 The Driver of the older car will have priority.
- 1.6.10.2 Should the dead-heat persist, a dead-heat will be declared between the Drivers concerned.
- 1.6.11 If a dead-heat exists in the final classification of the Championship, whether Overall or in any class, the following steps are to be taken according to the following order of priority:
- 1.6.11.1 A Driver who has driven one car throughout the season will take precedence.
- 1.6.11.2 Should the dead-heat persist, precedence will be given to the Driver awarded the greatest number of- 10, then 8, then 6 (and so on) points obtained in each of the-qualifying rounds in accordance with the provisions of the preceding paragraphs
- 1.6.11.3 Should the dead-heat persist, a dead-heat will be declared between the Drivers concerned.

2. CHAMPIONSHIP EVENT MEETINGS & RACE PROCEDURES

All competitors are reminded that they are racing Historic Cars, which by their nature are expensive and difficult to repair, they are part of our sporting heritage. Parts often have to be manufactured as they are not available 'off the shelf'. These cars require respect as do your fellow competitors. You will be expected to race within those parameters. If you are involved in an incident you will be required to report your actions to the Clerk of the Course if called.

2.1 Entries:

- 2.1.1 Competitors are responsible for sending in correct and complete entries with the correct entry fee prior to the closing date for entries before each event.
- 2.1.2 Incorrect or incomplete entries (including Driver to be Nominated Entries) are to be held in abeyance until they are complete and correct and the date of receipt for acceptance of entry purposes shall be the date on which the Secretary of the Meeting receives the missing or corrected information or fee.
- 2.1.3 Any withdrawal of Entry or Driver/Car changes made after acceptance of any entry must be notified to the Meeting Organisers in writing. D25.1.12. applies
- 2.1.4 The Entry Fee for each event shall be specified in the SRs and on the entry form.
In the event of any competition being oversubscribed at the official closing date, the starters and reserves will be selected as follows;
- 2.1.4.1 Firstly in equal numbers from each of the nine Formula Junior classes and Class F. If an equal number of cars in each class cannot be achieved (except in the case of insufficient numbers in any one class), the order of priority shall be Classes E1, E2, D1, D2, C1, C2, B1, B2, and then finally Class A. If at any time between the selection at the closing date, and the start of the competition a car is withdrawn, such car shall be replaced by the first reserve from that class in priority to any other class.
- 2.1.4.2 Secondly the selection in each class shall be from among those whose Drivers have already scored points in the current Championship and secondly from among those whose Drivers scored points in the Championship of the previous season, the order of priority being determined in each case (separately) by the number of points scored. In the case of equal points and in the case of Drivers who have not already scored points in either the current Championship, or the Championship of the previous season (as the case may be), the order of priority shall in each case be determined separately by the order of times set in the official qualifying session.
- 2.1.4.3 In the case of a Class F or Class H entry being received, if it is received before the closing date, and the Championship round is not oversubscribed, it shall have a confirmed entry. If the entry is received before the closing date and the Championship round is oversubscribed, it shall become last reserve of the entries received before the closing date (or if more than one then with priority in order of receipt.)
- 2.1.4.4 Entries may be received after the official closing date subject to approval by HSCC. Any entry received after the closing date will not take precedence over any entry received prior to the closing date. All entries received after the closing date, in the case of oversubscription, will be reserves in the order of receipt of entry, regardless of class.
