Ross's Class-Based Series, Sponsored by Worthing Implant Centre.

WORTHING IMPLANT CENTRE

I have had great response, which has allowed me to refine the four Classes for the HFF Series Cup. I just want to point out again, it is **not** a rival Championship, as was inferred in the last newsletter, but aimed as a bit of fun to make a few mini-races "within the main race".

The first lot of Trophies have arrived for Donington, and they look great.

If anyone is not happy racing in the Class I have them entered into, it would be hugely helpful if they could let me know before we get to Donington.

Also, if anyone wishes to opt-out completely, that's totally fine too, but I need to know in advance.

The preferred method of contact would be by email and my email is as follows. rossdrybrough@yahoo.co.uk It'll take a few races to get this all sorted and organised properly (as I've never done anything like this before!), so please bear with me. I think it should add renewed interest to more of our drivers up and down the grid, regardless of their ability, and I hope my idea works out.

See you all at Donington,

Ross

HFF Classes for Series Competitors Cup.

(Some drivers have already self-selected and the rest are based on 2018 results.)

NOTE: If your name is not yet on the above list of names, I apologise. I'm sure you'll have a better idea than me where you will fit within the grid, and which Class will be most suited to you.

To form these Classes, I have only used 2018 results for reference, and not used any historic results. A number of our previously regular drivers have not been included in the list because they did not race last year (Rob Wainwright, James Buckton, Robert Tusting etc).

We will have some new drivers to accommodate, and I'm sure there will be some drivers returning to race with us in 2019.

We'll figure out who goes where on a race-by-race basis, but I will need to know, at the very latest, after qualifying, so that I can get the Classes organised before the actual race takes place.
