

Tom Pryce remains one of the most fondly remembered Formula One drivers from the 1970s. The reserved Welshman's spectacular car control helped define arguably the most glamorous decade of Grand Prix racing. Now, more than 40 years on from his death while racing at Kyalami, a major new book celebrating his life is being published. *Tom Pryce, Memories of a Welsh F1 Star by Those Who Knew Him* will be released by Performance Publishing on December 1st, 2020.

Authors Darren Banks and Kevin Guthrie have interviewed more than 60 people who knew Tom, from his early school days to his life as a famous Grand Prix driver. Contributors include Alan Rees, Tony Southgate, David Richards, John Watson, Jean-Pierre Jarier, Mike Wilds, Ian Flux, Danny Sullivan and Jackie Oliver. The result is a comprehensive and very personal tribute, which also features almost 200 images from both well-known racing photographers and private collections. It is produced with the blessing of Nella Pryce, Tom's widow, who has kindly written the foreword and a chapter about her late husband. The introduction to the book is penned by renowned motor sport writer David Tremayne, a long-time fan and author of *The Lost Generation*.

The book itself is a 210 x 270 mm 168 page hardback in landscape format, priced at £35. A limited edition of 100 copies is also available for £45. This features a bookplate signed by Nella Pryce, David Tremayne, Darren Banks and Kevin Guthrie. All profits will be donated to the Tom Pryce Memorial Fund.

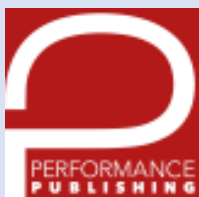

Blessed with a level of natural ability seldom seen, even in the rarefied world of Formula One, Tom Pryce lit up Grand Prix racing during the 1970s. The self-effacing Welshman, from rural Denbighshire, became synonymous with the Shadow team, and the sight of him controlling their cars at improbable angles still captures the imagination today, more than four decades on from

his untimely death during the 1977 South African Grand Prix. *Tom Pryce, Memories of a Welsh F1 Star by Those Who Knew Him* features an unprecedented number of contributors who remember Tom, from his childhood growing up as the son of a police sergeant to his time as a motor racing superstar who – despite the adulation feted upon

him – remained a humble individual, unaffected by fame. They include Alan Rees, John Watson, David Richards, Jean-Pierre Jarier, Tony Southgate, Jackie Oliver and Mike Wilds. Their recollections are accompanied by many rare photographs, some never published before. It is a unique and touching tribute to the greatest Welsh driver of all time.
