### **Dear on top at Snetterton**

The Historic Sports Car Club opened its 2021 racing season with a full programme on the Snetterton 300 circuit over the weekend (17/18 April).

Glorious spring weather and a wonderful paddock atmosphere added together to make a fine start to the Club's 56th season of racing. With over 240 entries for 19 races and remarkably few incidents it was the perfect start to 2021.

The opening race for the new 80s Production series featured a modest grid, but it was an encouraging start as the Peugeot 205GTi of Chris Dear ran home a convincing winner after an early battle with the Vauxhall Nova of Jason Wood. With growing interest in the series, more cars are expected for the next race at Silverstone in May.
