## **Jackson heads Chart at Snetterton**

The Historic Sports Car Club opened its 2021 racing season with a full programme on the Snetterton 300 circuit over the weekend (17/18 April).

Glorious spring weather and a wonderful paddock atmosphere added together to make a fine start to the Club's 56th season of racing. With over 240 entries for 19 races and remarkably few incidents it was the perfect start to 2021.

Two of Cam Jackson's five race wins over the weekend came in the opening two races for the Classic Formula Ford Championship. These were his two toughest wins of the weekend as Henry Chart's Van Diemen RF81 ran him very close in the first race and even closer in the second race.

In the opener, Jackson eventually edged a couple of lengths clear in the later stages of the race, but in the second race Chart was a constant threat and harried the Winkelmann all the way to the flag. On the final lap Chart with right on Jackson's gearbox and less than a fifth of a second split them as they dashed over the line.

Jordan Harrison (Lola T540E) had been a strong third in the first race and in the second race he repeated the result but ran even closer to the leading pair. Some very quick laps later in the race took Harrison to within a second of Jackson at the flag. Samuel Harrison, Sam Mitchell and Simon Toyne were among the next pack.
