### **Williamson wins at Snetterton**

The Historic Sports Car Club opened its 2021 racing season with a full programme on the Snetterton 300 circuit over the weekend (17/18 April).

Glorious spring weather and a wonderful paddock atmosphere added together to make a fine start to the Club's 56th season of racing. With over 240 entries for 19 races and remarkably few incidents it was the perfect start to 2021.

Two races for the Historic Touring Car Championship featured a good grid and battles all down the order, but no one could match the pace of Dan Williamson's Ford Falcon. Mike Gardner was the best of the Lotus Cortina Park. Peter Hallford twice put his Ford Mustang on the overall podium while the Ford Anglia of Neil Wood was right in the mix until retiring in the first race.
