

## Silverstone 2020 – Site Rules during COVID-19 – Contractors/Visitors

### Site rules

Due to the COVID-19 pandemic Silverstone (SCL) have assessed the venue to protect your safety and others around you, from that assessment new site rules have been put in place and all those working on site must follow them, these rules are detailed below.

When you work at SCL you must be mindful that you will not be able to access the site, carry out work activities in the way that you used to. These site rules must be complied with, if not you risk the health of those around you and your own health.

The following rules must be applied and followed:

- If you experience any of the following symptoms you must stay at home and self-isolate in line with Government guidelines: A new persistent cough, a high temperature, shortness of breath, a loss of sense of taste or smell
- No person is to attend the venue if they have at any time during the past 3 weeks knowingly been in contact with anyone who currently has or has had at any time during the past 3 weeks any symptoms relating to Coronavirus, except as a healthcare professional
- If you are on site and start to feel any of the above symptoms then you must go home immediately and inform the person you are visiting that you are going home and you must self-isolate in line with the Government guidelines
- If you have received a letter from the NHS stating you are vulnerable due to underlying health conditions you must inform the person you are visiting before attending site as a separate risk assessment may need to be carried out
- Prior to arriving on site full details must be provided of who is working on site, their name, their contact details and the registration number of the vehicle they will be arriving in
- Risk assessments for the work activity and the prevention of the spread of COVID-19 must be supplied prior to starting the work on site
- You may be subject to temperature checks as you arrive on site
- You must wear a face mask at all times when on site, including when you arrive at main gate
- Social distancing rules must be followed at all times, you must maintain a distance of at least 2m from people around you on site, wherever possible and apply any additional control measures as necessary
- Sanitiser dispensing stations and wash hand basins with soap are positioned around the site, at entry points and other touch points, these must be used as you enter buildings and regularly throughout your visit
- There are limited catering outlets open on site, you are advised to check prior to coming on site or bring your own food and drink
- All safety notices, in particular; social distancing rules; personal hygiene; office capacities and work flow around the buildings must be adhered to
- There is an enhanced cleaning schedule in place, where all touch points are cleaned regularly throughout the day
- All accidents, incidents and near-misses must be reported to the Security Control on 01327 320308
- If you need urgent medical attention then call 01327 320254. If any medics are present on site they will attend if a life threatening situation. If no one is available on site then it is the normal emergency number 999 and give the address above with your exact location and then inform Security Control on the number above

**To be noted:** the control measures detailed in this document are to prevent the spread of COVID-19, however if there was imminent danger requiring an emergency evacuation, even during this pandemic, emergency egress plans would take priority to get people away from the most urgent hazard. Social distances measures should be applied at the assembly area when in an emergency situation.

The person you are visiting will inform you of any specific control measures that you should be aware of in the area that you will be attending.

Thank you for helping us to remain safe.
