

## **Successful HSCC Wolds Trophy at Cadwell Park**

Fine racing, excellent grids and warm sunshine made the Historic Sports Car Club's Wolds Trophy another great success at Cadwell Park over the weekend (5/6 June).

With spectators welcomed back into the venue in good numbers and a full programme of 20 races, it was a great weekend of racing at the three-dimensional Lincolnshire venue.

The two Formula Junior grids provided clear double wins for Peter De La Roche (front-engined) and Adrian Russell in the rear-engined division. On Saturday De La Roche, on his seasonal debut, had to find a way around early leader Chris Drake. But as Drake's Terrier picked up a misfire, De La Roche was away and gone. Stuart Roach led the chase of the leading pair in his Alexis but was a late retirement with a transmission problem.

On Sunday, the Terrier went out mid-race and De La Roche won by nearly a minute from Ray Mallock (U2 Mk2) in the front-engined counter. Russell twice stormed away from the rear-engined pack to win at a canter from Nic Carlton-Smith in the opener and the increasingly rapid Tim Child on Sunday.
