

HISTORIC RACING SALOONS REGISTER LIST OF ELIGIBLE CARS

This list is not exhaustive and any 4 seat saloon car in series production prior to 1st January 1966 should be eligible to be added to the list. Production may have started before 1966 but continued production until much later and therefore remains eligible.

EXAMPLE: the Hillman Imp and its derivatives started production in 1963 but remained in production until 1975 meaning all model years are eligible. Whilst the Mini Mk1 is the only eligible model as the Mk2 was introduced in 1968 making the MK2 ineligible, with some exceptions!

It would be advisable to contact the HRSR if you are a potential competitor and are unsure if cars not already on the list are eligible to be added to this list.
