Clerk of the Course may in their absolute discretion change the start procedure if required.

- The HSCC quick start procedure will be used. Drivers in all races should proceed to the assembly area designated in the Final Instructions (for selected races this maybe the pit lane) 15 minutes before the scheduled start of their race or when called.
- Pre-gridding and the 1 minute and 30 second countdown will take place in the Assembly Area and for a standing start drivers will be released on to the circuit, do one complete lap and then proceed to the starting grid, this will constitute the 'green flag' lap.
- Upon arrival at the starting grid, drivers should take up their grid positions as quickly as possible and, as soon as the last car is in position, only the 5 second board will be displayed before the red lights are shown, followed between 3 and 5 seconds later by the red lights being extinguished denoting the start of the race.
- For a Rolling Start procedure cars will be pre-gridded, and the 1 minute and 30 second countdown will take place in the Assembly Area.
- The cars will then be led round for a minimum one lap behind a pace car and will form up into either their 2 x 2 or 1 x 1 grid positions.

- As the front row of the grid approaches the start line, the red lights will be extinguished, denoting the start of the race but there is no overtaking or changing of direction for any cars prior to crossing the start line. - 20. Should the red lights remain on:** The start is aborted and cars should complete the lap and return to the starting grid. Should any race be 'red flagged', it may be restarted, at the discretion of the Clerk of the Course and if time permits, for the remaining scheduled distance.
  - The grid for the restarted race will be the order in which the cars passed the finish line at the end of the lap preceding the lap on which the red flag was shown and the result of the race will be the order in which the cars cross the finish line when the chequered flag is shown at the conclusion of the restarted race.
  - In the interval between stopping and restarting the race cars may return to the pits for repairs. Subject to approval from a scrutineer they may rejoin the race start from the Pit Lane.
