When this decision is made all affected competitors will be notified at the earliest opportunity along with being advised of the number of Pace laps.

The procedure will be (unless otherwise advised): Cars will be released from the assembly to do one (or more) rolling laps behind the Pace Car, forming into their grid positions towards the end of the lap in preparation for the Pace Car to turn off its lights and pull into the Pit Lane after which drivers should hold their grid positions until the red lights are extinguished at the Startline.

There must be no overtaking until your car has crossed the Startline.

- 18. Rolling Start:** Drivers should proceed to the Assembly Area 15 minutes before the scheduled start of their race.

Pre-gridding will take place in the Assembly Area and drivers will be released onto the circuit behind a Pace Car for a green flag lap and then into the start procedure.

The Pace Car will if clear turn off its yellow flashing lights and will then turn into the Pit Lane.

Competing cars must then hold their position and speed as the front row of the grid approaches the start line the red lights on the starting gantry will be extinguished denoting the start of the race but there is no overtaking or changing of direction for any cars prior to crossing the start line.

Any car which falls more than 6 car lengths behind the row in front during the Pace Car Lap(s) thus being judged as penalising all following cars at the startline will be subject to a penalty unless it is the result of mechanical problem in which case the driver should raise an arm. Only under these circumstances may following cars overtake that car before the start line.

Any infringements of the race start procedure may result in a time penalty of up to 60 seconds.

- 19. Restart Procedure:** The safety car will turn off its yellow flashing lights and will then turn into the Pit Lane. Competing cars must then hold their position and speed as the front row of the grid approaches the start line. There will be no overtaking until cars cross the start/finish line.

- 20. Practice Starts/Weaving:** Notwithstanding any provision in the MSUK yearbook If in the opinion of the Judges of Fact or the Clerk of the Course drivers who indulge in practice starts or excessive weaving during the warm up/green flag laps will render themselves liable to a penalty up to and including exclusion.

- 21. Race Stops:** Should any race be 'red flagged', notwithstanding the provisions of MSUK Q5.4, it may be restarted at the discretion of the Clerk of the Course and if time permits, for the remaining scheduled distance.

Only cars running at competitive racing speed when the red flag is displayed, will be allowed to take part in the restarted race and 'Parc Fermé' conditions will apply between the red flag being shown and the start of the restarted race.

The grid for the restarted race will be the order in which the cars passed the Finish Line at the end of the lap preceding the lap on which the red flag was shown and the result of the race will be the order in which the cars cross the Finish Line when the chequered flag is shown at the conclusion of the restarted race.

If a red flag is used twice in the same race, the restart will be put to the end of the normal timetable and will run if time allows.

- 22. Judicial:** At the discretion of the Judicial Officials, Judicial Hearings may be recorded. If a Judicial Hearing subject objects, then the Clerk of the Course or Stewards of the meeting may appoint a person to be present and whose sole function in the hearing is to take a contemporaneous note including all questions and replies. Competitors or Entrants are not allowed to record the proceedings.

- 23. Disposal of Waste:** Would all competitors please be aware that it is no longer acceptable to leave or abandon empty fuel/oil containers, batteries and tyres behind when leaving a venue.

Such items are classified as "hazardous waste" and it costs between £10 and £25 per item for safe disposal.

Please also be aware that these items MUST NOT be placed in general rubbish skips at circuits; doing so could trigger a £1000 Local Authority Fine.
