- Please make sure you know which line on the grid to stop at. Upon arrival at the Grid, drivers should take up their positions as quickly as possible and, as soon as the last car is in position, the 5-second board will be displayed before the red lights are shown, followed between 3 and 5 seconds later by the red lights being extinguished denoting the start of the race.

Only under these circumstances may following cars overtake that car before the start line. Any infringements of the race start procedure may result in a time penalty of up to 60 seconds.

- 18. Should circumstances at the event change:** Such as but not restricted to Track Conditions or Weather the Clerk of the Course may change Standing Starts to Rolling Starts.

When this decision is made all affected competitors will be notified at the earliest opportunity along with being advised of the number of Pace laps.

There must be no overtaking until your car has crossed the Startline.
