

Heritage Trial - Crewkerne, Somerset – 16th Sept 2023

Owners of suitable cars are invited to register an interest in competing in a Heritage Trial to be run by the Midland Trials Car Club on their superb hillside site near Crewkerne in Somerset on Saturday 16th September 2023.

The event is open to cars of the type that would have competed, prior to 1956, in trials that were of a more sporting nature. These would include Dellow's, trials prepared Allards and HRGs, and the many trials specials that were built at the time. Independent rear wheel braking (fiddle brakes) is NOT permitted.

The aim of the Heritage Trial is to provide an enjoyable social event with long, non-damaging sections that are appropriate for these cars.

We welcome newcomers to the sport and can, if required, give advice, tuition and encouragement in a friendly manner.

The site is huge, with few trees and plenty of space to run both a main trial and a separate area for training and guidance. Access with a trailer is straight forward. The farmer is happy to accommodate camping and motor homes overnight.

To register your interest or find out more, email Martyn Halliday (Historic Sporting Trials Association) at historictrials@gmail.com or phone 07739 464170
