

## **HISTORIC SPORTING TRIALS TRAINING DAY**

**Date:** 12/10/2024

**Location:** Long Compton, near Chipping Norton, Oxon (What 3 Words reference & postcode will be supplied to entrants)

John & Jerome Fack will be running a driver training day at Long Compton, which by general consent is one of the finest trials sites in the UK. The training will be conducted on 2 or 3 grassy hills which will be made progressively harder over the course of the day.

- The training day is pitched at existing drivers who want to hone their skill levels, particularly when it comes to dealing with sections laid out on fresh grass which many drivers find difficult
- You will need to bring your own car or to arrange to share a car with another entrant
- You should be able to get more seat time than you do at a typical HSTA trial
- The cost per person is £65.00

These training days have been well-received in the past & participants have made good progress over the course of the day.

Simply send your interest via email or text to John Fack:

**Important!** If you have already paid for the previous training day which was due to take place at Shelsley Walsh but was cancelled due to the wet conditions, and you were unable to attend the subsequent day at Long Compton please let me know ASAP whether you want a refund or wish to take a place this time. Thanks!
