 - Competitors in pit garages
 - Race preparers, including how to apply for paddock space

PASSES

We have provided your Grid Organiser with envelopes for each of you containing your wristbands and passes. Your Grid Organiser will either send these in the post to you pre-event, or make them available for collection onsite. Please check with your Grid Organiser their intended distribution arrangements.

For access to the venue, an individually barcoded TEAM wristband is required. These will allow entry from Wednesday through to Monday. The TEAM wristband is also required for access to race admin, the pit lanes, and the Competitor Campsite.

Each envelope contains:

- **5 Team wristbands** (7 for two driver races), required for access to the venue and for access to the pit lane during your sessions, both race controls and the competitor campsite

These are filled as determined by your Grid Organiser or, on a first come first served basis as Competitors arrive. If your car is prepared by a race preparer who is running multiple cars they must apply for Multicar Preparer space in the Paddock.

COMPETITOR SET UP ACCESS

Silverstone
FeSTiVaL

22-24 AUG 2025

EVENT DAYS - FRIDAY, SATURDAY & SUNDAY

For those driving in each day, use competitor entrances to access the site in the quickest and most efficient way on public days (Fri, Sat, Sun).

ACCESS TO VENUE

Your TEAM wristband QR code gives you access to the venue during the weekend. If you are leaving site please ensure you scan out so that you are able to scan in again when returning.

COMPETITOR PARKING VEHICLE PASS

Cars can be parked in one of the two competitor parking areas (Car Park 25 for the National Paddock and Red Zone 24 for the International Paddock). You will receive this vehicle pass from your Grid Organiser and this must be displayed in your windscreen onsite. *See the map on page 9 for entry routes.*

- Use the pink triangle entrance route to gain access to the National Paddock parking area (Car Park 25)
- Use entrance 10 to gain access to the International Paddock parking area (Red Zone 24)

PLEASE NOTE: THESE ENTRANCES ARE DIFFERENT TO THE MAIN GATE USED DURING SETUP DAYS.

These are designed to reduce congestion at the Main Gate each morning and will result in a quicker entry process for you.

Throughout the weekend, if competitors wish to visit friends in the other paddock, the competitor parking pass allows you to park in both Car Park 25 and Red Zone 24. Please use the route between the parking areas (Car Park 25 and Red Zone 24) of the National and International Paddocks – *see route on map on page 9.*

RESTRICTED PADDOCK ACCESS

There will be strictly no vehicle access (other than competing cars) into the paddocks during live race timings, including for service vehicles with Service Vehicle passes. The National Paddock is restricted 07:30 – 13:30 and the International Paddock is restricted 13:30 – 19:00. The paddocks will still be accessible with Service Vehicle passes outside of these hours via the request points and under the direction of the Paddock Marshals. *Request points are shown on the map on Page 9.*

If your race preparer ('multicar preparer') is issued onsite with a Blue Zone 2/Red Zone 23 pass for a service vehicle they will be able to follow the routes on the map on Page 9 to gain entry to the support paddock areas. Temporary access to the paddock to drop off tools/spares etc is then by

request to the paddock management team via the request points labelled on the map overleaf. If you are a competitor operating from both paddocks but not as a multicar preparer, a pass will be issued onsite to allow temporary access to each paddock by the paddock management team for parts unloading. These can be obtained from Race Admin in either paddock and will only be given at the organisers discretion.

PUBLIC BUSES

Buses will operate continuously between the Main Stage on the Village Green and the International Paddock for those wishing to move between the northern and southern sections of the

infield. There is also a public bus route on the perimeter road including a stop in the infield to link with the internal bus route. See the full event map on the last page of this document for routes and timings. **There will be no vehicle access in the evening through the link road from the Competitor Campsite to the Village Green. With the Main Stage now on the Village Green it is only a short walk from the Competitor Campsite to watch the evening concerts.** Please do not drink and drive.

PADDOCK BIKES

Bikes, buggies, quads and scooters (but not e-scooters) are welcome for personal use for transfers between the paddock and campsite areas. A Registered Service Vehicle Sticker will be required to be able to use your own vehicle. Please request this from your Grid Organiser. These vehicles may also use the internal Link road if transferring between paddocks, but please keep journeys to an absolute minimum as there is a high density of pedestrian visitors in the infield and please note that the link road will be closed in the evening after 19.30 and you will not be able to ride to the Main Stage area from the Competitor Campsite. You must stick to the designated roadways and persons riding paddock scooters/mopeds/motorcycles/quads/buggies must hold the appropriate DVLA road licence for the same machine.

There will be no vehicle access through the link road to the evening concerts; please do not attempt to drink and ride. You are responsible for your own safety, your passengers and for the safety of our many visitors.

PLEASE NOTE: USE OF E-SCOOTERS IS NOT PERMITTED.

Failure to comply with the instructions of the stewards and marshals may result in exclusion from the meeting.

BREAKDOWN – SUNDAY 19:30 ONWARDS

With live music on Sunday evening, there will still be many visitors in and around the paddocks into the evening. If you are intending on leaving before 19:30, please contact one of the paddock management team to arrange a safe departure. Please make sure your race preparer is aware of this, particularly if they wish to start dismantling awnings etc. whilst the public are on site.

Please also be aware that there are many visitors onsite attending the evening concerts until 21:30 so please remain vigilant and abide by the speed limits at all times.

If staying for the Sunday evening

concerts: The National Paddock must be clear by 20:00 Sunday evening so if you wish to leave your truck onsite overnight please arrange an escort with the paddock management team to park it up in the International Paddock overnight.

The International Paddock must be clear by 10:00 on Monday 25th August and the competitor campsite will close and need to be clear by 10:00 on Monday as well.

BBQ & OPEN FIRES

Barbecues and/or open fires are **NOT** permitted in the pit garages, paddocks and support paddocks. This is in the interest of safety given the large amount of fuel in use in the pits and paddock areas. If such facilities are found they will be extinguished and the multicar preparer and/or the competitor responsible may be ejected from the event and the competitor may be disqualified from competing. There will be a designated BBQ area for each paddock for multicar preparers and competitors to use – *please see the Paddock Maps on page 3*. The fire marshals and security have absolute authority in this respect and their instructions must be complied with.

To help us measure the impact of Silverstone Festival on this journey to improved sustainability, we'll be circulating a simple form to capture the distance travelled to and from site each day by all drivers and support teams. We'd be really grateful if you could spare 5 minutes of your time to share this information with us. We'll be in touch on this soon. Thank you for your support.

Many of you have on board cameras in use at Festival, and we are sure there is a wealth of spectacular footage recorded that we currently never get to see, and we would now encourage you to send us your footage so that we can use it in social media, the ITV4 programme and generally for posterity. So please send onboard footage, preferably as a WeTransfer link, to media@auroramedia.com with your name, car number and make, as well as the race and day the footage is from.
